The session will help UK companies understand the opportunities and procurement methods to supply the Organising Committee of Rio 2016 summer Olympic and Paralympic Games, as well as also hearing from speakers from Peru that will host the 2019 Pan American Games in Lima.

Space Data for Life

The session will give delegates awareness of the latest UK sat apps, technologies and providers and an understanding of the economic benefits of applying this disruptive innovation.

Global Sports Projects – Bid For Benefit seminar

To showcase UK thought leadership in the area of bidding for and maximising the benefit of hosting major sports events.

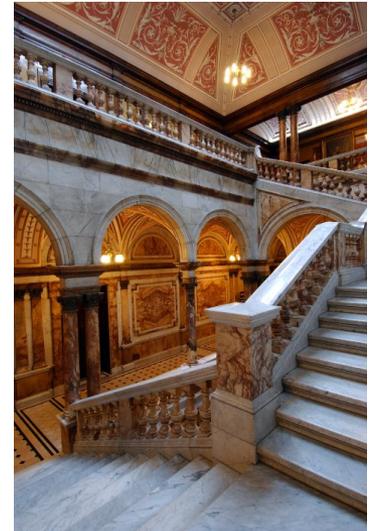

Commonwealth Rail High Value Opportunities

This session would showcase the Commonwealth rail high value opportunitiesÄlike; India, Canada, Singapore -Äunderlining UK sector strengths and capability in the following areas; consultancy, design & build, business services, project management, station development, supply chain, signalling and systems management, electrification.

Business Hub

The British Business House is open for business – your business – and provides a flexible and complimentary venue in central Glasgow to support your business needs. Å

The British Business House is also a great place to meet and network with peers and other attendees joining from the UK, the Commonwealth and global organisations. The Picture Gallery provides a business-style lounge for informal meetings while a selection of pre-bookable private meeting rooms are available. Guests are welcome to register for the varied events programme.

Best of British Showcase

A showcase of displays telling stories from relevant sector groups and wider British design and innovation will thread through the key spaces of the venue, creating talking points along the way.

The grand staircase up to the second floor and the corridor linking the meeting rooms with the Banqueting Hall will feature smaller scale content, while furniture for the lounge and VIP area will be sourced from leading UK designers to specifically showcase innovative use of new materials and manufacturing techniques.
